Ayer's Cathartic Pills,  
For all the purposes of a Laxative  
Medicine.

Perhaps no one medicine is an universal laxative for everybody as Ayer's is, nor was ever any before so universally popular. It is used in every country and among all classes, as this mild cathartic, and is a true P.H. The obvious reason is, that it is a more reliable and safe medicine than any other. Those who have used Ayer's know well that it is a safe and friendly medicine, and all know that what it does it does always—that it never fails through any fault or neglect of the physician. It is a safe and reliable medicine, and its use secures of evidence of those remarkable cures of the following conditions, but none are known in every neighborhood, but we can assure you, that Ayer's is a safe and reliable medicine in all climates; containing neither salure or any deleterious drug, they may take it safely or safely. Their effects are prompt, and every person finds them pleasant to take, while taking purely vegetables and herbs can arise from their use in any quantity.

It is a safe and reliable medicine, and the internal effects to purify the blood and stimulate it into healthy action—removes the obstructions of the bowels, and the accumulation of mucus, and the resulting their irregular action to health, and by correcting, whenever they exist, such derangements as are the first origin of disease.
